

# Technical Data Sheet

## Solar<sup>®</sup>-Mini-LED

### Description

These high efficiency canopy fixtures can be used for both indoor and outdoor ceiling mount applications, including parking garages, canopies, recreational areas, and underpass walkways. The compact and functional design includes models in 40W.

### Construction

The housing is formed of die-cast aluminum, and includes ½" conduit entries on the bottom (1) and sides (2).

### Finish

The housing is finished in bronze, in a durable polyester coat.

### Electrical

All models are ETL and DLC listed for outdoor use, and are available in 120-277V or 347V, 60 Hz operation.

### Ordering Information

Item Number	Description	Power	Input Voltage	Colour Temp.	LED Source/Fixture Light Output	Beam Angle	CRI	Operating Temp	Life
S19500-003	SOLAR-Mini-LED-40W-4K-120MV-BRONZE	40W	100-277V	4000K	4500/3500 lm	120°	80	-40° C to 50° C	50,000 hrs
S19505-003	SOLAR-Mini-LED-40W-4K-347V-BRONZE	40W	347V	4000K	4500/3500 lm	120°	80	-40° C to 50° C	50,000 hrs
