

# Technical Data Sheet

## LUNAR<sup>®</sup>-LED LED Series

### Description

These round, white, drum-shaped surface mounted fixtures using energy-saving LED panels can be used in a variety of indoor applications, such as apartment buildings, condominium units, and residential homes. Models include 15W and 22W versions in various colour temperatures.

### Construction

The housing is formed of 22-gauge steel, with keyhole mounting slots and wiring holes for easy installation and electrical connections.

### Finish/Diffuser

The housing is finished in white baked enamel gloss paint. The lens is opal acrylic injection-mouled with a smooth finish, and features a silver metallic trim.

### Electrical

All models are cETLus listed for damp location surface mount indoor use only. Power supply connections must be made inside a junction box (not provided).

### Certifications

All models are cETLus listed and bear the Energy Star certification.

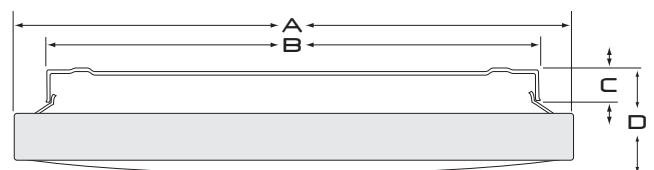

### Warranty

All models are warranted free from defects for a period of three (3) years from the date of purchase.
