

Technical Data Sheet

LUNAR® GU24 Series

Description

These round, white, drum-shaped surface mounted fixtures using energy-saving GU24 base compact fluorescent lamps can be used in a variety of indoor applications, such as apartment buildings, condominium units, and residential homes. Models include 1-lamp or 2-lamp 13W-23W GU24 compact fluorescent.

Construction

The housing is formed of 22-gauge steel, with keyhole mounting slots and wiring holes for easy installation and electrical connections.

Finish

The housing is finished in white baked enamel gloss paint.

Diffuser

The lens is opal acrylic injection-molded with a smooth finish. It is held in place to the housing by three metal clips.

Electrical

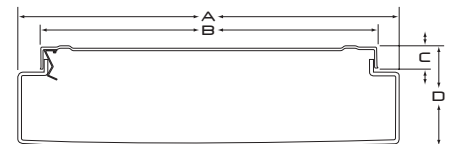

All models are cULus listed for damp location surface mount use only. Power supply connections must be made inside a junction box (not provided).

Options

No other options or upgrades are currently available.
